R-337

Extrication impact glove with a durable grip system.

Impact | Liquid Spray and Splash | Vibration | Light Duty

Increased visibility extrication gloves, offering impact protection for search and rescue operations

- **Specialized protection:** RINGERS® R337 extrication gloves have been developed with F3 Technology™, with a comfortable, dexterous TPR (thermoplastic rubber) design for excellent impact protection
- **Optimized grip:** Thanks to a durable grip system around the palm and fingers, they ensure excellent grip performance, facilitating search and rescue operations
- **Enhanced features:** These safety gloves' increased visibility external surface and reflective markings make them noticeable, for enhanced safety, while an extended neoprene cuff, featuring a gaiter closure, keeps out debris
- **Heightened mechanical protection:** Kevlar® stitching around the palm also enhances durability and cut resistance

Industries

- Mining
- Oil and gas
- Emergency Medical Services

Applications

- Rescue extraction from confined spaces
- Operating of heavy machinery
- Crushing and unloading ore
- Shipping and loading of product
- Vehicle Maintenance
- Equipment maintenance Scaffolding Pipe handling and insulation Plumbing and sand blasting
