

## BioClean™ BBC Bouffant Cap

### Lightweight and breathable bouffant cap that reduces contamination from entering controlled environments.

Made from lightweight non-linting spunbond polypropylene, BioClean bouffant caps provide protection from loose hair and particles to reduce the risk of contamination.

Featuring a double stitched latex-free elastic edge for strength, durability and a secure fit over the head. The universal sizing means it will fit over most hairstyles and the thin, soft material ensures a comfortable fit under cleanroom hoods and hooded coveralls/suits.
