

MICRO-TOUCH® NITRAFREE™

High Touch

Provides comfortable and reliable hand protection

- Reduced allergy risk: Manufactured without sulfur-based chemical accelerators, helping to protect users from Type IV chemical allergies
- Comfortable fit: These nitrile medical exam gloves are made from a durable and soft nitrile formulation for enhanced comfort
- **Heightened tactility:** Thin and lightweight to ensure excellent tactility while working
- Specialized protection: Tested and approved for use with chemotherapy drugs*

Recommended For

- Tested for use with chemotherapy drugs
- Standard patient examinations
- Protection from latex Type I allergy and minimize chemical Type IV allergies in HCW's or patients

FEATURED TECHNOLOGIES

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
