

R-259B

Waterproof heavy-duty impact gloves, with advanced cut resistance for assured hand safety

Impact Abrasion Protection

Cut Liquid Spray and Splash

Waterproof heavy-duty impact gloves, with advanced cut resistance for assured hand safety

- Specialized protection: RINGERS® R259B impact gloves' patented TPR (thermoplastic rubber) design, developed with F3 Technology™, provides knuckles, thumb and finger-length protection
- Advanced defenses: An additional palm layer enhances cut resistance, while a waterproof barrier and liquid-resistant coating at the top of the hand ensure dry, dependable personal protection
- Optimized usability: Their advanced construction includes a durable bond between each layer, limiting glove separation when doffing
- Strengthened grip: A synthetic leather palm ensures superb
- Enhanced features: These RINGERS® gloves increased visibility design, with reflective cuff piping, further enhances safety levels, while an extended neoprene wrist closure ensures a secure fit

Industries

- Manufacturing
- Oil and gas

Applications

- Engagement and release of drill string slips
- Chaining up pipes
- Facility and machinery maintenance
- Installation and dismantling of rigs
- Handling iron
- Operating of heavy machinery
- Equipment maintenance and repair
- · Pipe handling
- · Handling materials with sharp or rough edges
- · Loading and hauling
- Hydraulic repair
- Re-fuel oil fluid and diesel

R-259B

Waterproof heavy-duty impact gloves, with advanced cut resistance for assured hand safety

Key Features

- Patented TPR design: Knuckles, thumb and finger-length impact protection
- Waterproof barrier and liquid-resistant coating: For safe, dry hands
- Additional palm layer: Advanced cut resistance capabilities

Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024
