

MICRO-TOUCH® Nitrile Accelerator-Free

H i g h T o u c h

Nitrile, powder-free medical exam glove with advanced allergy prevention

- **Comfortable fit:** This non-sterile, accelerator-free nitrile glove offers a comfortable fit and feel
- **Barrier protection:** This glove provides a high level of barrier protection against punctures and excellent resistance from a broad range of commonly used chemicals
- **Easy donning:** Chlorinated inner surface allows for easy donning
- **Reduced allergy risk:** Nitrile material prevents latex Type I allergies — 100% thiuram-free formulation significantly reduces the risk of Type IV allergies
- **Secure grip:** Micro-textured fingers ensure a secure and safe grip in wet or dry conditions
- **Specialized protection:** Tested and approved for use with chemotherapy drugs*

*see product packaging for details

Recommended For

- Tested for use with chemotherapy drugs
- Enhanced tactile sensitivity and dexterity, especially for delicate procedures
- Protection from latex Type I allergy and minimize chemical Type IV allergies in HCW's or patients
- Standard patient examinations

FEATURED TECHNOLOGIES

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH® Nitrile Accelerator-Free

High Touch
