

### R-085

Advanced impact and cut protection gloves, offering dexterous, comfortable hand protection

Impact Abrasion Protection

# Versatile impact and cut protection gloves, ensuring dexterous, comfortable hand safety

- Specialized protection: RINGERS® R085 work gloves' patented TPR (thermoplastic rubber) design, developed with F3 Technology™, ensures knuckles, thumb and full length of fingers impact protection
- Advanced defenses: A breathable knit shell ensures highlevel cut resistance
- **Elevated comfort:** Their fleece-lined design keeps hands warm and comfortable in cold conditions, for versatile hand protection
- Heightened grip: These RINGERS® gloves' half-dipped nitrile palm coating, with a sandy finish, enhances wet and dry
- Improved durability: Their integrated TCR patch limits wear and tear
- Enhanced features: A high-visibility design improves hand safety, while touchscreen-compatible thumb tips, index and middle fingers enable safe technological interaction

#### Industries

- Automotive
- Mining
- Oil and gas
- Manufacturing
- Construction
- **Automotive Aftermarket**

### **Applications**

- · Makeup and breakout tools
- Running tools into the wellbore
- Handling explosives
- Assembly of parts
- Engagement and release of drill string slips
- · Unloading and stacking pipe
- Preparation of site unloading of lines and valves
- · Set-up of pressure manifold and tubing injector head
- · General pumping work
- Cold Storage
- Scaffolding
- · Loading and hauling
- · Assembling and mounting components

## R-085

Advanced impact and cut protection gloves, offering dexterous, comfortable hand protection

**Touchscreen Compatible** 

**Technologies** 

### **Key Features**

- Patented TPR design: Knuckles, thumb and finger-length impact protection
- Breathable knit shell: For impact gloves offering dexterous comfort
- Fleece lining: Sustained warmth and comfort in cold temperatures

### Performance Standards & Regulatory Compliance

4X44FP
