

R-068

Fully coated safety gloves designed for impact, cut and liquid protection

Impact Abrasion Protection

Cut Liquid Spray and Splash

Fully coated safety gloves designed for impact, cut and liquid protection

- Advanced defenses: Developed with F3 Technology™, RINGERS® R068 impact gloves feature a comfortable, dexterous TPR (thermoplastic rubber) design, offering optimal hand coverage
- **Specialized protection:** These hand protection gloves boast fully dipped nitrile coating, granting wearers an effective liquid resistance barrier, for truly reliable personal protection
- Enhanced features: Their high-visibility design reinforces wearer protection, while touchscreen-compatible thumb tips, index and middle fingers enable technological interaction without compromising hand safety
- Strengthened grip: RINGERS® R068 safety gloves also feature half-dipped palm coating with a sandy finish, offering better grip on wet and dry surfaces, for improved workplace safety

Industries

- Construction
- Oil and gas
- Manufacturing
- **Automotive Aftermarket**
- Chemical
- **Emergency Medical Services**
- Machinery and Equipment
- Metal fabrication

Applications

- Running tools into the wellbore
- Assembly and disassembly of large pipes
- Engagement and release of drill string slips
- Unloading and stacking pipe
- Set-up of pressure manifold and tubing injector head
- General pumping work
- Loading and hauling
- Assembling and mounting components
- Concentration mixing and palletisation
- Hydraulic repair
- Use of binding agents
- Smelting and cleaning of equipment
- · Re-fuel oil fluid and diesel
- Tank Cleaning

R-068

Fully coated safety gloves designed for impact, cut and liquid protection

Key Features

- Patented TPR design: For PPE gloves with strong impact protection
- Fully dipped nitrile coating: Liquid resistance and hand protection
- Touchscreen compatibility: For consistent protection and usability

Performance Standards & Regulatory Compliance
