

R-259

Heavy-duty impact gloves with a Kevlar®-stitched palm for advanced cut resistance

Impact Abrasion Protection

Heavy-duty impact gloves with an additional palm layer, for advanced cut resistance

- Heightened defenses: RINGERS® R259 heavy-duty work gloves are developed with a TPR (thermoplastic rubber) design and F3 Technology™ to deliver impact protection with dexterity and comfort
- Improved grip and durability: Their synthetic leather palm offers wearers better grip, while ensuring advanced ANSI/ISEA and EN compliant abrasion resistance
- Enhanced protection: The Kevlar®-stitched extra palm layer on these impact gloves provides ANSI/ISEA 105-2024 CUT A5 and EN ISO E resistance, ensuring reliable hand protection
- Enhanced features: These RINGERS® gloves also feature an extended neoprene wrist closure, ensuring a secure fit, while a high-visibility external surface improves worker safety

Industries

- Manufacturing
- Oil and gas

Applications

- Engagement and release of drill string slips
- Chaining up pipes
- Installation and dismantling of rigs
- Environmental clean-up and remediation
- Handling iron
- Maintenance
- · Operating of heavy machinery
- Equipment maintenance and repair
- Pipe handling
- Loading and hauling

R-259

Heavy-duty impact gloves with a Kevlar®-stitched palm for advanced cut resistance

Key Features

- Patented TPR design: Knuckles, thumb and finger-length
- Synthetic leather palm: For increased durability and grip
- Additional palm layer: Advanced cut resistance

Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

4X44EP
